REPORT OF THE BOARD (incorporating STRATEGIC REPORT)

31 MARCH 2025

The Board present their report and audited financial statements for the year ended 31 March 2025.

Background and Legal structure

Osprey Housing Limited (OHL) was registered in August 1999 under the Companies Act 1999 (now Companies Act 2006) (Company No SC198586). OHL is governed by its Articles of Association that have been aligned with the Scottish Federation of Housing Associations (SFHA) model rules (Scotland) 2020.

In January 2013, following approval by the Scottish Housing Regulator (SHR), OHL entered into a constitutional partnership with Osprey Housing Moray (OHM). This was further progressed during 2019 to begin the process for transfer of engagements (ToE) to a single entity. Following successful completion of the Transfer of Engagements, effective from 1 April 2021, Osprey Housing and Osprey Housing Moray, became a single landlord.

On 1 November 2021, OHL completed a Transfer of Engagements from Aberdeen Soroptimist Housing Society, a small, locally based Association.

The table below shows the number of properties owned by OHL at 31 March 2025:

Owned Properties	2025	2024
Tenanted	1,829	1,797
Leased to Third Parties	7	5
Total	1,836	1,802

In addition, OHL owns 21 standalone garages (2024: 21) and 29 shared ownership properties (2024: 29).

Charitable Status

OHL is a registered social landlord and was granted charitable status (Charity No SC029461) with effect from 4 October 1999.

REPORT OF THE BOARD (incorporating STRATEGIC REPORT)

31 MARCH 2025

Delivering our Strategy and Ambitions

The economic environment we operate in continues to be uncertain as we find ourselves in the cost of living crisis following the impact of the pandemic. This brings with it significant challenges for both the organisation and our tenants. However, these challenges can also be viewed as an opportunity for improvement and creating organisational efficiencies. OHL has delivered well under these ongoing pressurised circumstances, continually making progress and growth as an organisation, maintaining strong performance throughout all service areas.

OHL has demonstrated that we are robust and that our agile working approach sets us up well to meet unforeseen challenges. We continually seek opportunities for improvement and growth by being responsive and agile to the environment we operate in.

We prioritise tenant support and strong tenant landlord relationships by consistently delivering excellent core services.

Strategic Report

Strategic Business Plan 2025-28

In May 2025, the Board approved a new 3 year Strategic Plan for 2025-2028 setting out the vision, mission and ambitions for the next three year period leading to 2028.

There are two underpinning drivers within the strategic plan – to keep improving and to keep growing. How we deliver this is designed into the culture that we embrace and the effective delivery of our strategic ambition.

The key elements factored into the 2025 Strategic Business Plan review are;

- **Retaining our existing Vision and Core Values** – the vision is a statement that clearly identifies the desired impact and aspirations of Osprey. The Core Values were reviewed and updated in 2021 – these changes reflected our more agile workplace as well as a more prominent commitment to equality. Both the vision and the Core Values are well embedded into the Osprey culture and there is no proposal to change this.
- **Updated environment context** – including the long term impact of the pandemic, cost of living crisis and the overall ambition to remain agile and flexible in addition to the political change that continues to be unstable on a National and Global level.
- **Reviewing what we have achieved during life of current plan** – this is a new section added to the Plan. It provides valuable context to our current position – outlining where we are coming from before going on to outline what we plan to do next.

31 MARCH 2025

Strategic Business Plan 2025-28 (continued)

- **Retain Strategic Ambitions** - No change proposed to the current four strategic ambitions – these headline ambitions still articulate what we aspire to achieve. Each Ambition has a refreshed section detailing the delivery of that ambition and how we will measure success.
- **Commitment to growth** – recognising that there is currently opportunity for growth with grant funding being available and the additional projects in our geographical area. It was unanimous from the Board that continuing to grow is an important element of the future of Osprey. However a clear priority remains on quality of the properties we add to our stock portfolio and ensuring they meet current and future anticipated demand. Growth as an organisation is not just defined by unit numbers and this has been outlined to ensure that we are open minded to potential business opportunities that will enhance outcomes for our tenants.
- **Net Zero** – it is recognised that the Social Housing Net Zero Standard is yet to be published by the Scottish Government however is key to how we invest in and manage our properties going forward.

A full annual review of the strategic SWOT was carried out to support our aim to remain vigilant to our strengths, weaknesses, opportunities and threats, remaining fully aware of our operating environment.

Strategic Business Plan 2025-28 (continued)

The plan sets out our Vision, Mission & Ambitions:

Our Vision

Making a difference every day.

Our Mission

To provide high quality affordable housing and services to people in the communities we serve.

Our Values

The Core Values of the organisation reflect the foundation from which we perform and conduct our business and are the essence of the Osprey identity. These values provide a framework to deliver our Mission Statement.

✓ **AMBITION and ACHIEVEMENT**

We are a high performing organisation delivering through innovation and challenge

✓ **EQUALITY and RESPECT**

We recognise and celebrate the unique value in everyone

✓ **QUALITY and PROFESSIONALISM**

We strive to deliver high standards

✓ **AGILE and RESPONSIVE**

We are flexible and quick to deal with change without diminishing our delivery

The plan also highlights our four key Strategic Ambitions, and how we will deliver and measure their success:

- Make customers the focus of everything we do
- Provide more and better homes
- Be a stronger organisation
- Be a great place to work

REPORT OF THE BOARD (incorporating STRATEGIC REPORT)

31 MARCH 2025

Awareness of Risk and Mitigation

Osprey has a culture of being risk aware but not risk averse. We review and revise risks on a revolving basis, formally through the governance cycle at least twice a year and monthly at Senior Leadership Team level.

Our strategic approach to Business planning and risk assessment are complementary. It is vital to assess risks that effect the organisation's ability to meet key objectives and financial forecasting, both short and long term. We ensure that objectives and risks are clear, current and relevant with the interlinking of each fully understood and agreed at a strategic level with Board approval.

We face a broad range of risks reflecting our responsibilities as a Registered Social Landlord, including in the areas of financial viability, tenant safety, cyber security, customer satisfaction and engagement, governance, and change management. In addition, the political, statutory, and regulatory environment alongside the potential for significant economic volatility create wider risks.

Regular review and scenario testing of our Financial Business Plan is an essential part of our risk mitigation strategy. Osprey have proactively incorporated the cost of delivering Net Zero without the anticipation of grant support within our business planning however this will be re-assessed when the Scottish Government Guidance is published.

Scottish Government grant support for new build beyond the current financial year is unclear at present however we remain committed to developing new properties having strong relationships with local partners to ensure delivery is achieved.

The potential for increasing arrears levels as a result of pressure on households due to the impact of higher cost of living remains a risk that the organisation continues to prioritise mitigating through consistent performance on income management indicators.

Cyber Security remains one of the biggest threats facing Osprey and to this end we have successfully retained our Cyber Essentials and Cyber Essentials Plus accreditations, following a comprehensive audit of our systems, and continue to invest heavily in staff and Board training through our KnowB4 programme.

31 MARCH 2025

Governance and Management

The Board and Key Management Personnel of OHL are listed on page 3. The Board ensure that comprehensive evidence is available to them throughout the year and opportunity for these to be scrutinised and challenged appropriately. This allows the Board to be assured that Osprey complies with the regulatory Governance requirements and standards set out in the SHR's Regulatory Framework. We have an Assurance Working group of six Board members to supplement the scrutiny involved during the annual Assurance Statement process. A key element of the assurance process and governance system is an evolving Governance improvement action plan that cross references good practice in addition to the Regulatory standards.

During 2024-25, the Board carried out a full self-assessment process supported by an external Governance consultant. This process allowed the Board members to be confident in their governance duties and activities and remain fully assured on how OHL manage the business for the best interests and outcomes for tenants.

Evidence that forms ongoing levels of assurance through the governance cycle include:

- Performance monitoring reports on key business areas such as finance, asset management, Health and Safety, Cyber Security, housing management and service delivery from the Chief Executive and Senior Leadership team
- Internal audit reports
- Risk management matrix
- Development framework – both financial and quality performance reporting
- Annual treasury management strategy and reporting
- Reports and analysis from external auditors, appointed advisers and specialist consultant advisers who provide independent evaluation, feedback, and validation
- Consultation with Osprey Tenants and Residents Association and outcomes of scrutiny projects undertaken by the Association's Scrutiny Panel
- Assessment of information submitted to regulatory bodies

Governance and Management (continued)

During 2025 we implemented changes to the Sub Committee structure as part of an ongoing review and adoption of best practice. This included a review of the Committee remits and titles. Our updated governance structure is detailed below:

OHL is led on a day-to-day basis by a highly skilled, knowledgeable, experienced and committed Leadership Team consisting of a Chief Executive and Directors responsible for each of the core disciplines.

We have fully developed hybrid working across our staff team. Given our geographic area this has many benefits for tenants, staff and the organisation overall. Our office headquarters are in Westhill, Aberdeenshire with staff in Moray having access to more local hot desk and meeting room facilities.

REPORT OF THE BOARD (incorporating STRATEGIC REPORT)

31 MARCH 2025

Our People

A clearly stated ambition of the Strategic Business Plan is a commitment to making OHL “A Great Place to Work.” Our approach is wide ranging, encompassing effective human resource management processes, recruitment, training, retention, succession planning and talent management. This approach also applies to Board members as well as the staff team.

The Board recognises the importance of employee involvement and encourages engagement in all aspects of the business through a variety of ways. In this context Osprey currently have Gold level Investors In People (IIP) Status accreditation demonstrating continual improvement meeting the assessment criteria. We have sustained Gold IIP status since 2020.

OHL understands the positive impact of pro-active and engaging personal development opportunities for staff and Board members, and this has been incorporated into organisational wide training and events. A programme of organisational development to accelerate this has been continued for the year 2024-25 to further improve the motivation and effectiveness of our team through a series of all staff training inputs.

Overview of Activities and Performance

We have refocussed and redesigned the way we provide services to our tenants and customers to improve efficiency, performance and value for money through investment into technology and digital services over the last two years. We are keen to maximise digital options to enhance performance however prioritise retaining the right balance of personal service to our customers at the same time. Our key focus areas include;

1. Sustaining financial resilience with a clear view of both short and long term planning
2. Improving services to tenants and other customers through continual improvement
3. Improving tenant engagement and satisfaction
4. Increasing the effectiveness of our strategic partnership working with local authorities to deliver local priorities
5. Maximising our contribution to the provision of new homes through planned strategic growth of our stock portfolio

The OHL surplus remains healthy at the 31 March 2025 and is ahead of assumptions. However, with the impact of the economic climate being uncertain, detailed monitoring and review of budgets and forecasting remains of paramount importance. The financial business plan inclusive of 30-year projections is subjected to ongoing stringent stress testing given the impending impact of Net Zero costs.

The OHL Board monitors corporate performance in terms of finance, housing management, business services and asset management. A range of financial and non-financial ratios and indicators are produced on a quarterly basis to monitor how the organisation is performing.

REPORT OF THE BOARD (incorporating STRATEGIC REPORT)

31 MARCH 2025

Overview of Activities and Performance (continued)

Performance against Key Performance Indicators (Core Business) is set out below:

	Actual 2022/2023	Actual 2023/2024	Actual 2024/2025	Target 2024/2025
Current rent arrears	3.4%	3.7%	2.9%	3.0%
Former rent arrears	1.2%	1.0%	1.3%	1.3%
Gross rent arrears	4.6%	4.7%	4.2%	4.3%
Rent Collected	98.7%	100.4%	99.7%	100.0%
Void loss	0.6%	0.4%	0.5%	1.0%
Void performance	31 days	26 days	27 days	25 days
Average completion time	2.8 hours	2.2 hours	4 hours	< 2.5 hours
- Emergency Repairs				
Average completion time	6.4 days	6.3 days	10.4 days	< 8 days
- Routine Repairs				
Board & Committee attendance	84%	92%	76%	80%

Indicators in line with the Annual Return on the Charter (ARC) definitions were set for the year to 31 March 2025 based on historic and benchmark material, with targets agreed by the Board in February 2025.

The performance tables demonstrate that the Board anticipated a consistency of performance aligned with the outcomes of the prior years.

The operating and economic environment continues to present an uncertain backdrop. Our business planning and budgeting retains a high degree of prudence in establishing our key financial targets which will be subject to regular monitoring by the Senior Leadership Team and the Board. Our performance overall has remained consistent with operating surplus ahead of targets and our lender covenants being comfortably attained.

ESG - Environmental, Social and Governance

The ethos of ESG aligns with Osprey's values, principles and ambitions and is part of our culture and how we operate as a business. Therefore, it forms the foundation for how we want to progress into the future. There are many benefits for Osprey aligning ESG with the Strategic Business Plan.

The Sustainability Reporting Standard for Social Housing (SRS) was launched in November 2020 to measure the sectors response to ESG and provide a clear framework promoting transparency, comparability and benchmarking. The SRS is a voluntary reporting framework, covering 48 criteria across ESG considerations such as zero carbon targets, affordability, safety and resident voice.

OSPREY HOUSING LIMITED
(Company Limited by Guarantee)

REPORT OF THE BOARD (incorporating STRATEGIC REPORT)

31 MARCH 2025

ESG - Environmental, Social and Governance (continued)

Osprey have made a commitment to ESG by formally adopting the SRS framework and published our first ESG report in October 2023. We implemented the use of Convene SRS reporting system during 2024 to further support this embedded approach.

Digital Development

We made significant progress through delivery of our Digital Strategy action plan during 2024-25 which was focussed on our aim to deliver efficient, effective services and working practices.

The previous two years included some key milestones for Osprey in terms of digital improvements that significantly changed our digital foundations. This included fully migrating to cloud-based systems using MS Office 365 including digitalisation of all our filing, so we are now operationally paperless. This was further supplemented by the implementation of a new cloud-based housing database, Homemaster, including a tenant portal.

Having cloud-based systems give us a strong foundation to continually improve our digital operations both via effective internal process review and better tenant information. We are in the process of refreshing our website and tenant portal offering to ensure this incorporates proactive tenant engagement and best practise.

Future Growth

The Strategic plan outlines the ambition to continue to build more affordable homes in a sustainable way that compliments the current stock portfolio and delivers housing fit for the future. The current Strategic Business Plan and lending profile allows us to continue our growth towards our aim of owning 2,000 units within the next 2 years. We continue to work closely with our local authority partners and retain good relationships with existing developer partners to ensure that what we are delivering is meeting key priorities in our local communities.

New developments have continued to be delivered primarily through Section 75 Agreements. This has proven to be an efficient, effective, and lower risk model for OHL and enables a successful development programme while keeping related overheads manageable. The programme has contributed significantly to our improved financial position and steady growth.

	Number of Units Delivered
2021-22	40
2022-23	78
2023-24	35
2024-25	34
2025-26	Projected 60

REPORT OF THE BOARD (incorporating STRATEGIC REPORT)

31 MARCH 2025

Treasury Management

The Board's agreed policy is that the OHL should not enter into transactions of a speculative nature. At 31 March 2025, OHL had an appropriate mix of fixed and variable rate finance following reduction of our variable finance in the midst of high interest rates. This has been a planned proactive step in managing our finances.

Osprey undertook a review of their treasury management with the assistance of consultants, Chatham Financial in November 2021. This review was comprehensive and resulted in securing a 5+1+1 year Revolving Credit Facility (RCF) of £25M on improved terms with our current lender, Lloyds Banking Group in April 2022. The yearly extensions were activated in April 2023 and June 2024.

We produce an annual treasury management strategy through the governance cycle to ensure the Board are making strategic business decisions that are deliverable through an interlinked funding/borrowing strategy.

Going Concern

In response to a period of unstable inflation and the sustained impact of a cost of living crisis, the Board and the Senior Leadership Team have undertaken a careful analysis and review of the financial position of OHL and its longer term financial outlook. Our business planning projections incorporate revised assumptions on levels of inflation, interest, potential rent increases and associated income. OHL's expenditure budgets and investment plans have been revised accordingly to ensure our continuing financial strength and compliance with all lenders' financial covenants. The Board is satisfied, on the basis of the stress testing and scenario planning undertaken, that it remains appropriate to prepare the financial statements on a going concern basis.

Health and Safety

Board Members are aware of their responsibilities in respect of the Health & Safety at Work Act 1976 and a wide range of associated legislation. The Governing Bodies have reviewed health and safety systems and the arrangements in place across OHL. The Board is assured of compliance in respect of direct service provision to tenants and health and safety of our staff. In addition, there is a Health and Safety Committee which meets at least bi-monthly with members of the Board, leadership team and staff team representatives to embed H&S as part of our culture.

Health and Safety is a standing item on governing body, internal management and staff meetings and our Health and Safety systems are subject to internal audit through our membership of EVH.

REPORT OF THE BOARD (incorporating STRATEGIC REPORT)

31 MARCH 2025

Financial Review

OHL achieved an operating surplus for the year of £3,679,294 (2024: £2,954,080).

Income from social letting activities rose by 7.6% to £11,527,652 (2024: £10,709,770). A rent increase of 6.7% was applied from 1 April 2024, in line with inflation and benchmark rent increases across the sector. The remaining increase is due to the positive impact of new build units.

Operating costs include expenditure on reactive, cyclical and planned maintenance totalling £2,828,439 (2024: £2,844,458), with an additional spend of £840,493 (2024: £2,317,610) being treated as capital expenditure. The reduction on capital expenditure was due to contractual issues and it is the intention to catch up on outstanding renewals over the next 24 months. Expenditure on planned maintenance is derived from 30 year life cycle costing reports designed to ensure that all housing properties are maintained to a specific standard, thereby continuing to maintain the useful life of the properties.

The total comprehensive income for OHL was £1,875,818 (2024: £1,126,307). This incorporates a £27,500 fair value gain on Investment Property.

At 31 March 2025, OHL's total reserves amounted to £34,091,897 (2024: £32,216,079), an increase of £1,875,818 (2024: £1,126,307). The increase is solely attributable to the surplus achieved by OHL in the year.

After reviewing day to day working capital requirements, the Board set a target to ensure that OHL maintains free reserves of at least an amount which would allow it to meet its operating costs for approximately six months. At 31 March 2025, six months operating costs equate to approximately £4,202,595, including all repairs. This target has been met in the current financial year. Undesignated revenue reserves at 31 March 2025 are £34,091,897 (2024: £32,216,079).

Rent Harmonisation and Rent Policy

The Board has taken significant steps to minimise rent increases over the last 5 years through driving efficiencies we have been able to mitigate rent increases for our tenants during this time and it will continue to be a priority going forward.

OSPREY HOUSING LIMITED
(Company Limited by Guarantee)

REPORT OF THE BOARD (incorporating STRATEGIC REPORT)

31 MARCH 2025

Rent Harmonisation and Rent Policy (continued)

During 2024-25 Osprey undertook a full review of the rent structure and point allocation for all general needs properties. The variation in rent levels across our stock profile had been highlighted by our Financial Consultants as a key issue for a number of years. However due to the pandemic and instable economic impact this project had not been taken forward until 2024. A full and comprehensive tenant engagement and consultation process had been completed during 2024 with the new rent structure being implemented from 1st April 2025. This consultation and tenant information process was supported, designed and in agreement with Osprey Tenant & Resident Association (OTRA) was rolled out effectively.

From 1st April 2025 our rental income will have increased by 3.7%, this being accumulated from 2% income from the rent harmonisation process and 1.7% inflationary increase.

Rent affordability will continue to be a strategic priority and critical to the wellbeing of both our tenants and Osprey. Regular stress testing through affordability analysis is a feature of our approach to rent setting.

Credit Payment Policy

The payment policy, which OHL operates, is to pay all purchases within 28 days or in accordance with specific creditor payment terms.

Statement as to Disclosure of Information to Auditors

The directors who were in office on the date of approval of these financial statements have confirmed, as far as they are aware, that there is no relevant audit information of which the auditors are unaware. Each of the directors have confirmed that they have taken all the steps that they ought to have taken as directors to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditor.

STATEMENT OF BOARD RESPONSIBILITIES

31 MARCH 2025

The directors are responsible for preparing the Report of the Board (incorporating the Strategic Report) and financial statements in accordance with applicable law and regulations.

Company law and registered social housing legislation requires the directors to prepare company financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. The directors must also satisfy themselves that the financial statements comply with The Statement of Recommended Practice Accounting by Registered Social Landlords 2018.

In preparing the company financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006, the Housing (Scotland) Act 2010 and the Determination of Accounting Requirements – February 2019. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

BOARD'S STATEMENT ON INTERNAL FINANCIAL CONTROL

31 MARCH 2025

The Board acknowledge their ultimate responsibility for ensuring that OHL has in place a system of controls that is appropriate to the various business environments in which it operates. These controls are designed to give reasonable assurance with respect to:

- The reliability of financial information used within OHL or for publication;
- The maintenance of proper accounting records; and
- The safeguarding of assets (against unauthorised use or disposition).

It is the Board's responsibility to establish and maintain systems of internal financial control. Such systems can only provide reasonable and not absolute assurance against material misstatement or loss. Key elements include ensuring that:

- Policies and procedures are in place, all key systems have either been documented or are in the process of being documented, including the rules relating to the delegation of authorities, which allow the monitoring of controls and restrict the unauthorised use of OHL's assets;
- Experienced and suitably qualified staff takes responsibility for important business functions;
- Forecasts and budgets are prepared regularly which allow the Board and staff to monitor the key business risks and financial objectives and progress towards the financial plans set for the year and the medium term; regular management accounts are prepared promptly, providing relevant, reliable and up-to-date financial and other information and any significant variance from budgets are investigated as appropriate;
- All significant new initiatives, major commitments and investment projects are subject to formal authorisation procedures;
- The Board review reports from management and from internal and external auditors to provide reasonable assurance that control procedures are in place and are being followed;
- Formal procedures have been established for instituting appropriate action to correct weaknesses identified from the above reports;
- The Board have implemented an outsourced internal audit function which reports to the Finance and Audit Committee, in the first instance; and
- The Board have completed a Strategic Risk Map and identified the controls necessary to manage and mitigate the risks identified.

BOARD'S STATEMENT ON INTERNAL FINANCIAL CONTROL
(Continued)

31 MARCH 2025

The Board has reviewed the system of internal financial control in OHL during the year ended 31 March 2025. No weaknesses were found in internal financial controls which could result in material losses, contingencies, or uncertainties which require disclosure in the financial statements or in the auditor's report on the financial statements. These arrangements are considered appropriate to the scale and range of OHL's activities and comply with the requirements contained in the Scottish Housing Regulator's Guidance.

**REPORT BY THE AUDITORS TO THE MEMBERS OF OSPREY HOUSING
LIMITED ON CORPORATE GOVERNANCE MATTERS**

31 MARCH 2025

In addition to our audit of the Financial Statements, we have reviewed your statement on Pages 20 to 21 concerning the Housing Association's compliance with the information required by the Regulatory Standards in respect of internal financial controls contained within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes which are issued by the Scottish Housing Regulator.

Basis of Opinion

We carried out our review having regard to the requirements to corporate governance matters within Bulletin 2006/5 issued by the Financial Reporting Council through enquiry of certain members of the Board and Officers of the Association and examination of relevant documents. The Bulletin does not require us to review the effectiveness of the Association's procedures for ensuring compliance with the guidance notes, nor to investigate the appropriateness of the reason given for non-compliance.

Opinion

In our opinion the Statement on Internal Financial Control on pages 19 to 20 has provided the disclosures required by the relevant Regulatory Standards within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes issued by the Scottish Housing Regulator in respect of internal financial controls and is consistent with the information which came to our attention as a result of our audit work on the Financial Statements.

31 MARCH 2025

Opinion

We have audited the financial statements of Osprey Housing Limited (the 'Association') for the year ended 31 March 2025 which comprise the Statement of Comprehensive Income, Statement of Financial Position, Statement of Changes in Reserves, Statement of Cash Flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Association's affairs as at 31 March 2025 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006, Part 6 of the Housing (Scotland) Act 2010 and the Determination of Accounting Requirements – February 2019.

Basis for opinion

We have been appointed auditor under section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005 and under the Companies Act 2006 and report to you in accordance with regulations made under those Acts.

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Board's use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Association's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Board with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The Board is responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Board (incorporating Strategic Report) for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Board (incorporating Strategic Report) has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Board (incorporating Strategic Report).

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of the Board's remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or

Responsibilities of the Board

As explained more fully in the Board's responsibilities statement set out on page 19, the Board is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Board determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board either intends to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities are instances of non-compliance with laws and regulations. The objectives of our audit are to obtain sufficient appropriate audit evidence regarding compliance with laws and regulations that have a direct effect on the determination of material amounts and disclosures in the financial statements, to perform audit procedures to help identify instances of non-compliance with other laws and regulations that may have a material effect on the financial statements, and to respond appropriately to identified or suspected non-compliance with laws and regulations identified during the audit.

In relation to fraud, the objectives of our audit are to identify and assess the risk of material misstatement of the financial statements due to fraud, to obtain sufficient appropriate audit evidence regarding the assessed risks of material misstatement due to fraud through designing and implementing appropriate responses and to respond appropriately to fraud or suspected fraud identified during the audit.

However, it is the primary responsibility of management, with the oversight of those charged with governance, to ensure that the entity's operations are conducted in accordance with the provisions of laws and regulations and for the prevention and detection of fraud.

31 MARCH 2025

The extent to which the audit was considered capable of detecting irregularities, including fraud - continued

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud, the audit engagement team:

- obtained an understanding of the nature of the sector, including the legal and regulatory framework that the Association operates in and how the Association is complying with the legal and regulatory framework;
- inquired of management, and those charged with governance, about their own identification and assessment of the risks of irregularities, including any known actual, suspected or alleged instances of fraud;
- discussed matters about non-compliance with laws and regulations and how fraud might occur including assessment of how and where the financial statements may be susceptible to fraud.

As a result of these procedures we consider the most significant laws and regulations that have a direct impact on the financial statements are FRS 102, the Companies Act 2006, the Housing (Scotland) Acts 2006, 2010, 2014, the Scottish Housing Acts, the Housing SORP and the Scottish Housing Regulator's Determination of Accounting Requirements – February 2019. We performed audit procedures to detect non-compliances which may have a material impact on the financial statements which included, reviewing financial statement disclosures.

The most significant laws and regulations that have an indirect impact on the financial statements are the Scottish Housing Regulator's regulatory framework and the General Data Protection Regulation/Data Protection Act 2018. We performed audit procedures to inquire of management and those charged with governance whether the company is in compliance with these law and regulations and inspected correspondence with licensing or regulatory authorities.

The audit engagement team identified the risk of management override of controls and existence of revenue voids as the areas where the financial statements were most susceptible to material misstatement due to fraud. Audit procedures performed included but were not limited to testing manual journal entries and other adjustments, evaluating the business rationale in relation to significant, unusual transactions and transactions entered into outside the normal course of business and performing substantive testing over void existence.

A further description of our responsibilities for the audit of the financial statements is provided on the Financial Reporting Council's website at: <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

NOTES TO THE FINANCIAL STATEMENTS

AS AT 31 MARCH 2025

1. Accounting Policies

The Association is a private company limited by guarantee registered in Scotland under the Companies Act 2006 (registered number SC198586) and is registered with the Scottish Housing Regulator under the Housing (Scotland) Act 2010 (registered number 312). The address of the Association's registered office and principal place of business is 22 Abercrombie Court, Prospect Road, Arnhall Business Park, Westhill, Aberdeen, AB32 6FE. The Association's principal activities and the nature of the Association's operations are detailed in the Report of the Board.

Osprey Housing Limited meets the definition of a Public Benefit Entity.

Introduction and accounting basis

These financial statements have been prepared in accordance with UK Generally Accepted Accounting Practice (UK GAAP) including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102"), the Housing SORP 2018 "Statement of Recommended Practice for Registered Housing Providers" and they comply with the Determination of Accounting Requirements 2019, and under the historical cost convention.

The financial statements are prepared in Sterling (£).

Critical Accounting Estimates and Areas of Judgement

Preparation of the financial statements requires management to make critical judgements and estimates concerning the future. Estimates and judgements are continually evaluated and are based on historical experience, advice from qualified experts and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are included below.

Principal judgements

- The Association classes all of its loans as basic financial instruments including agreements with break clauses. The Association recognises basic financial instruments in accordance with Section 11 of Financial Reporting Standard 102.

(Company Limited by Guarantee)

NOTES TO THE FINANCIAL STATEMENTS

AS AT 31 MARCH 2025

1. Accounting Policies (continued)

Critical Accounting Estimates and Areas of Judgement (continued)

Critical accounting estimates

- In estimating the useful lives of housing properties, capitalised components and other fixed assets. Useful economic lives were reviewed during the financial year and amended as shown in the Tangible fixed assets – Housing Properties accounting policy.
- In estimating grant amortisation
- In estimating the recoverable amounts of rental and other trade receivables
- In determining the value of the Association's share of defined benefit pension scheme assets and obligations, the valuation prepared by the Scheme actuary includes estimates of life expectancy, salary growth, inflation and the discount rate on corporate bonds

Going Concern

The Association's business activities, together with the factors likely to affect its future development, performance and position are set out within the Report of the Board.

In response to an unpredictable inflation environment and the cost of living crisis, the Board and the Senior Leadership Team have undertaken a careful analysis and review of the financial position of the Association and its longer term financial outlook.

Our business planning projections now incorporate revised assumptions on levels of inflation, potential rent increases and bad debt provision. Expenditure budgets and investment plans have been revised accordingly to ensure our continuing financial strength and compliance with all lenders' financial covenants.

The financial projections demonstrate that OHL has sufficient financial resources to ensure that it meets its commitments in the short, medium and longer term. Therefore, the Board believes that the Association is well placed to manage its business risks successfully despite the current uncertain economic outlook.

The Board has a reasonable expectation that the Association has adequate resources to continue in operational existence for the foreseeable future which is defined as 12 months after the date of these financial statements. For this reason, the going concern basis has been adopted in these Financial Statements.

Turnover

Turnover comprises rental and service charge income receivable in the period, other services provided at the invoice value (excluding VAT) and revenue grants receivable in the period.

Rental income is recognised from the point when properties under development reach practical completion or otherwise become available for letting, net of any voids and is recognised when receivable.

Revenue grants are receivable when the conditions for receipt of agreed grant funding have been met. Charges for support services are recognised as they fall due under the contractual arrangements with Administering Authorities.

Service Charges

Surpluses and deficits arising on the provision of services to the Association's tenants are held in service equalisation accounts and are carried forward and used to adjust charges levied in future years.

Intangible Fixed Assets (note 9)

All intangible assets shall be considered to have a finite useful life. The useful life of an intangible asset that arises from contractual or other legal rights shall not exceed the period of the contractual or other legal rights but may be shorter depending on the period over which the entity expects to use the asset. Intangible assets are amortised over the following rate:

IT Software 10% - 25% per annum straight line

Amortisation is charged to Operating Costs within the Statement of Comprehensive Income.

Tangible fixed assets – Housing Properties (note 10)

Housing properties are properties for the provision of social and affordable housing or to otherwise provide social benefit and are principally properties available for rent and are therefore classed as property, plant and equipment rather than investment properties in accordance with the SORP.

Completed housing properties are stated at cost less accumulated depreciation and impairment losses.

Housing properties, all of which are heritable properties, are stated at cost less accumulated depreciation. The development costs of housing properties include the following:

- Cost of acquiring land and buildings
- Development expenditure including administration costs

Expenditure on schemes which are subsequently aborted is written off in the year in which it is recognised that the schemes will not be developed to completion.

Works to existing properties will generally be capitalised under the following circumstances:

- Where a component of the housing property that has been treated separately for depreciation purposes and depreciated over its useful economic life is replaced or restored; or
- Where the subsequent expenditure provides an enhancement of the economic benefits of the tangible fixed assets in excess of the previously assessed standard of performance. Such enhancement can occur if the improvements result in an increase in rental income, a material reduction in future maintenance costs or a significant extension of the life of the property.

Works to existing properties which fail to meet the above criteria are charged to the Statement of Comprehensive Income.

The major components of the Association are Land, Structure, Kitchen, Bathroom, Doors, Windows, Heating System, Boiler and Insulation. Each component has a substantially different economic life and is depreciated over this individual life. This is compliant with the SORP 2018.

Investment Properties

Investment property represents the proportion of the Association's office property that is held to generate rental income. This therefore falls under the definition of a mixed use property and this proportion is held at fair value. Any changes in the valuation are recognised in the Statement of Comprehensive Income.

Depreciation – Housing Properties

The useful economic lives were reviewed during the financial year and amended to better reflect the association's asset management policy.

Then show the old and new useful lives below.

Depreciation is charged on a straight line basis over the expected economic useful lives of each major component that makes up the housing property as follows:

	Useful Life	Previous Useful Life
Land	Not Depreciated	Not Depreciated
Structure	100 years	100 years
Roof	100 years	100 years
Kitchen	20 years	20 years
Bathroom	25 years	25 years

Boiler - Gas	15 years	15 years
Boiler – Oil	18 years	15 years
Air Source Heat Pumps	18 years	15 years

Depreciation – Other Fixed Assets

Depreciation is provided at the following rates; no depreciation is charged in the year of acquisition.

Fixtures, Fittings and Equipment	25% per annum straight line
Motor Vehicle	25% per annum straight line
IT Equipment	25% per annum straight line
Office Property	2% per annum straight line

Development Administration Costs

Directly attributable development administration costs relating to development activities are capitalised in accordance with the Statement of Recommended Practice.

Government Grants

Government grants include grants receivable from the Scottish Government, local authorities and other government bodies. Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received.

Government grants received for housing properties are recognised in income over the useful economic life of the structure of the asset under the accruals model.

On disposal of an asset for which government grant was received, if there is no obligation to repay the grant, then any unamortised grant remaining is derecognised as a liability and recognised as income. Where there is a requirement to repay a grant, a liability is included in the Statement of Financial Position to recognise this obligation.

Other Grants

Grants received from non-government sources are recognised using the performance model. They are recognised as income when the related performance conditions are met.

Impairment of Fixed Assets

An assessment is made at each reporting date of whether there are indications that a fixed asset (including housing properties) may be impaired or that an impairment loss previously recognised has fully or partially reversed. If such indications exist, the RSL estimates the recoverable amount of the asset.

Shortfalls between the carrying value of fixed assets and their recoverable amounts, being the higher of fair value less costs to sell and value-in-use of the asset based on its service potential, are recognised as impairment losses in operating costs in the income and expenditure account.

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Reversals of impairment losses are recognised in income and expenditure. On reversal of an impairment loss, the depreciation or amortisation is adjusted to allocate the asset's revised carrying amount (less any residual value) over its remaining useful life.

Sale of Housing Properties

Properties are disposed of under the appropriate legislation and guidance. All costs and grants relating to the share of property sold are removed from the financial statements at the date of sale. Any grants received that cannot be repaid from the proceeds of sale are abated and the grants removed from the financial statements.

Operating Leases

Rentals paid in respect of operating leases are charged to the Statement of Comprehensive Income.

Value Added Tax

A Single Entity VAT registration was granted, effective from 1 April 2024. Osprey Housing Limited is partially exempt and irrecoverable VAT is calculated throughout the year. As such, expenditure in these financial statements is shown as VAT inclusive.

Deposits and Liquid Resources

Cash, for the purpose of the statement of cash flows, comprises cash in hand and deposits repayable on demand.

Investments

Investments are stated at cost.

Taxation

As a Registered Social Landlord, the Association is exempt from payment of corporation tax on its social letting activities.

Financial Instruments

The Association has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102, in full, to all of its financial instruments.

Financial assets and financial liabilities are recognised when the Association becomes a party to the contractual provisions of the instrument and are offset only when the Association currently has a legally enforceable right to set off the recognised amounts and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets

Debtors

Debtors which are receivable within one year and which do not constitute a financing transaction are initially measured at the transaction price. Trade debtors are subsequently measured at amortised cost, being the transaction price less any amounts settled and any impairment losses.

Where the arrangement with a trade debtor constitutes a financing transaction, the debtor is initially and subsequently measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument.

Where the arrangement with a trade debtor constitutes a financing transaction, the debtor is initially and subsequently measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument.

Financial Instruments (continued)

A provision for impairment of debtors is established when there is objective evidence that the amounts due will not be collected according to the original terms of the contract. Impairment losses are recognised in profit or loss for the excess of the carrying value of the trade debtor over the present value of the future cash flows discounted using the original effective interest rate. Subsequent reversals of an impairment loss that objectively relate to an event occurring after the impairment loss was recognised, are recognised immediately in income and expenditure.

Financial liabilities

Trade creditors

Trade creditors payable within one year that do not constitute a financing transaction are initially measured at the transaction price and subsequently measured at amortised cost, being the transaction price less any amounts settled.

Where the arrangement with a trade creditor constitutes a financing transaction, the creditor is initially and subsequently measured at the present value of future payments discounted at a market rate of interest for a similar instrument.

Borrowings

Borrowings are initially recognised at the transaction price, including transaction costs, and subsequently measured at amortised cost using the effective interest method. Interest expense is recognised on the basis of the effective interest method and is included in interest payable and other similar charges.

Derecognition of financial assets and liabilities

A financial asset is derecognised only when the contractual rights to cash flows expire or are settled, or substantially all the risks and rewards of ownership are transferred to another party, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party. A financial liability (or part thereof) is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

20. Contingent Liability

OHL formally exited the SHAPS pension scheme on 31 July 2023.

However, OHL has been notified by the Trustee of the Scheme that it has performed a review of the changes made to the Scheme’s benefits over recent years. The Trustee has been advised to seek clarification from the Court on potential changes to the pension liability. This process is ongoing and OHL understands that the matter is unlikely to be resolved before the end of 2025 at the earliest. It is recognised that this could potentially increase the cost of exiting the scheme and so the Scheme reserves the right to apply a further charge should this be required. This is currently estimated to be £12,800.
